MODERNIZED LEVER ACTION RIFLE

The Tombstone is POF-USA's take on a lever-action rifle: revolutionizing the original design through radical approaches and enhancements. Tombstone is a modern-lever-action chambered in a pistol caliber, initially offered in 9MM. The rifle comes with the same proven 20-round standard magazine, or optional 10-round, that accompanies the POF-USA Phoenix.

The Tombstone's compact overall length is just 36" and comes in at an ultra-lightweight 5.75lbs (unloaded weight). The trigger is a proprietary non-adjustable design, featuring a smooth pull and crisp break of 3.5lbs. The 16.5" free-floating 4150 steel barrel is complimented by POF's 10.5" Modular Receiver Rail (M.R.R.), with M-Lok slots at the 3, 6, 9 and a 2" picatinny rail at the 12 position. The integrated XS Ghost Ring sights allow for quick target acquisition and POF's removable dual port muzzle break is ideal for fast follow-up shots.
