## ITS ABOUT THE WEIGHT AND THE SAVINGS

THE ALL NEW PRESCOTT Project “Rogue” was an exercise to turn the Revolution platform into the lightest semi auto rifle on the market, and to do it without needless “lightening” cuts. Built on the Rogue platform, the Prescott makes hunting with a semi-auto reality. At 7 pounds, the Prescott is built for the great outdoors. The Prescott is available in both 6.5 Creedmoor and 6MM Creedmoor.
